

AKINS BOYS SOCCER HANDBOOK

The primary purpose of the handbook is to acquaint you with the philosophy and policies of the Akins Boys Soccer Athletic Program

The foundation of the Akins Boys Soccer program is a committed pursuit of excellence in all things at all times. Our players are expected to play with honor, confidence, and courage. They demonstrate the discipline and commitment needed both on and off the field to be excellent. Our style of play is built around a team concept, where possession with a purpose and intelligent soccer is encouraged through creativity, combination play and an attacking mentality.

We want players who will represent our program positively both on and off the field through their attitude, actions and words. It is important that our players develop both on and off the field as student-athletes and leaders. Players are expected to work hard, work smart and work together while displaying a high level of sportsmanship and fair play at all times.

Mental toughness, fitness/speed/strength, technical execution, and tactical awareness are essential for our players. Training sessions are built around these key areas, focusing on soccer specific fitness/speed/strength, speed of play and quality of play, and tactical understanding on both sides of the ball. Team chemistry is expected both on and off the field, as is a high level of commitment and personal discipline.

Our fall pre-season program consists of strength and speed/agility/quickness training along with individual technical work. Our winter/spring season includes a highly competitive schedule against regionally ranked teams. During the winter/spring months, our players follow an in-season strength and technical/tactical training program. Players are expected to train in the post-season and throughout the summer months and return to campus for pre-season in top condition physically, mentally, and technically/tactically.

Class Information:

- Every student athlete must pass in order to play. Weekly grade checks will be due every Thursday or Friday. Simple rule **“No Pass, No Play”**
